Better Days

By Anthony Hamilton
Without You
By Anthony Hamilton

Verse I

There was times I didn't want to bother you
You were at work all night/ I didn't want to complain
And I realize the compromise that love ones make
I'm holding on for the future/ some more better days
With you

Chorus

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

Verse II

Say word I'm there when you need me
My job is to protect you/ although I know
That women get emotional / in need of love
So I tried to learn your species/ and one day we'll grow
Grow

Chorus

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

Bridge

I live for ya.... live ya
I live for ya lovin baby
Without you..without your love

Chorus

Be without you
Oh wouldn't be with out you
Oh I live for your love
For you

I wouldn't be without you
I couldn't live without you
Never gonna smile without you
Won' be without you
Ad Lid out..
