And we dont have to leave in the morning the whole day just you and I

And it dont have to get any better it's perfect you in my life

If you're cool, then I'm cool then we're cool

We dont have to worry bout no groceries we can fill up on love alone

If we aint got enough for a movie we can jus sit at home

Have a lil role play baby wat ever turns you on

If you're cool, then I'm cool and we're cool

If you're cool, then I'm cool then we're cool

Quit your worrin baby(oh, oh, oh)

Quit your worryin girl(you dont have to worry no more)

Quit your cryin lady(gone head and cry)

We can conquer the world.

Pack a lil lunch for the evenin

Let me hold you tight
