

Anthony Hamilton, Last Night...Feat Sunshine An

Last night I fell in love
It takes control of me when I see love in your eyes
You're like a spring time breeze,
You send chills through me, a natural high
It's just the way you've been my best friend
Right by my side
And there's no one else like you, baby
Last night I realized, that's why
Last night I fell in love with you
All over again, it's true, I fell in love with you
It was unbelievable
When you touched me so tenderly
Your kiss was so sweet and though
You will never know it was like a dream
I hope that it will never end, please do it again
'Coz it feels so right
I need someone to pinch me please
'Coz I can't believe it happened in one night
Last night I fell in love with you
All over again, it's true, I fell in love with you
Last night it felt just like our very first time
When you and I first made love on that first night
It would be only right if we just live our life side by side
'Coz last night I fell in love with you again like first time
Last night I fell in love with you
All over again, it's true, I fell in love with you
Last night I fell in love with you
All over again, it's true, I fell in love with you
Last night I fell in love with you
All over again, it's true
