

Anthony Hamilton, Last Night I Fell In Love With You

Last night I fell in love
Alright, alright, yea, yea
It takes control of me
When I see love in your eyes
You're like a spring time breeze
You send chills through me
A natural high, it's just the way
You've been my best friend right by my side
And there's no one else like you, baby
Last night I realized that's why
Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you
It was unbelievable when
You touched me so tenderly
Your kiss was so sweet
And though you will never know
It was like a dream I hope that it will never end
Please, do it again 'cuz it feels so right
I need someone to pinch me please
'Cuz I can't believe it happened in one night
Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you
Last night it felt just like
(Our very first time)
When you and I first made love
(On that first night)
It would be only right if we just lived our life
(Side by side)
'Cuz last night I fell in love with you again like the first time
(Last night, last night)
Last night I fell in love with you
(See I fell in love with you again and again, yea)
All over again, it's true, I fell in love with you
