

Anthony Hamilton, Where Did It Go Wrong?

[Verse 1]

I didn't make those mistakes in my life, I don't know, everything I tried to do took
another route, she bailed out on me, you didn't have to make like a thief girl stole my life, rob me
blind, now this wound's getting deeper see my blood as I cry

[Chorus]

Where did it all go
How did it go wrong
Tell us what to do
Can I depend on you

[Verse 2]

A punctured heart has no closure torn for life, and it's gonna take God's hand to cure me to get
another try, me by oh no, I had to fight strong like a soldier, so rooted by fake and it's been shame on
no, how do I trust over and over I guess I have to wait to see my faith

[Chorus]

I hope I can depend on you
to come through
you shamed me once stole my family name, but still I want you
I might be a fool to wait around on you, but love has no apologies and no respect for me, where did
it go wrong

[Chorus]
