I'm Tired

Of all the times you've walked away
there's never been a day
when you've cried so long, you seemed so strong
I know this ain't your way
I can't imagine what he's done
to make you feel this way
Girl, you're loose inside, you stay out all night
I guess this is your way

of sayin' I'm Tired of tryin'
and I'm tired of lyin'
I know I've been smilin', but inside I'm dyin'
I'm tired of thinkin' that my hearts not achin'
I can't stay - no way
and I'm Tired of tryin'
and I'm tired of lyin'
I know I've been smilin', but inside I'm dyin'
I'm tired of thinkin' that my hearts not achin'
I can't stay - no way

I always knew this day would come
so I guess now's the time to say
girl ?????? me, so that you could see
it shoulda always been this way

you've lived some sad and lonely days
but now they're in the past
cuz you're here with me, sayin' this could be
girl I guess this is your way of sayin'

I'm Tired of tryin'
and I'm tired of lyin'
I know I've been smilin', but inside I'm dyin'
I'm tired of thinkin' that my hearts not achin'
I can't stay - no way!

I'm tired
I guess this is your way.. NO WAY!
