

Anthony Moon, How Can I Love You

Ref.

How can I love you (how can I love you)
Baby tell me what can I do (and what can I do)
How can I love you (how can I love you)
If you still lying me
I`m drummer into my dreams
To keep you by my side
I`m getting down on my knees
To keep you satisfied
That love is breaking my rose
I feel the empty miss around
I`m getting down on my knees
I`m trying help myself

If you still lying me (2x)
These feelings getting me down
Your beauty satin clothes
And I`m believing who`s smile
It`s poison from your soul
