

# Anthrax, Dethroned Emperor

[Originally by Celtic Frost]

See the portal, gate to madness  
Locked forever in a veil of shame

Deny extraction - Thirst for disgrace  
Watch his break - The emperor's killed  
Light of the day - Shadows from beyond  
Scaffold of steel - The throne has gone

Dethroned emperor

The foot of the stairs, dimension in might  
The king sits, his eyes are glass

Growing of the small - The laughter's fall  
Can you deny - Remaining cries?  
Descent of the lords - Into the trap  
Existence and hate - Unseen gate

Dethroned emperor
