

Anthrax, One World

Stop it
There's been too much debate
We could save ourselves from holocaust
Or is that just our fate
Start now
But we continue to balk
We let the genie out of the bottle
But we still hold the cork

[Bridge:]
ONE, TWO,- NOT
THREE, FOUR,- DIE
ONE, TWO,- NOT
THREE, FOUR,- DIE

[Pre-Chorus:]
Ignorance, is no excuse
For violence
NO ONE WINS ...

[Chorus:]
ONE WORLD
ONE WORLD
ONE WORLD - Welcome to it
ONE WORLD - Don't abuse it
ONE WORLD - To live out your life
ONE WORLD - Total schism
Tunnel vision
ONE WORLD - Taming the beast
Fighting for peace

Killing
You pushed a button that's all you did
It's much harder to kill a man
If you've seen pictures of his kids
Responsibility
And what are all our lives worth ?
What kind of sentence would you serve
For killing the earth

[Bridge]
[Pre-Chorus]
[Chorus]

[Mosh Part]

[Lead Break]
[Chorus]

Russians
They're only people like us
Do you really think they'd blow up the world
They don't love their lives less
America
Stop singing hail to the chief
Instead of thinking S.D.I.
He should be thinking of peace

[Bridge]
[Pre-Chorus]
[Chorus]

ONE WORLD.
