## Anthrax, One World

Stop it There's been too much debate We could save ourselves from holocaust Or is that just our fate Start now But we continue to balk We let the genie out of the bottle But we still hold the cork

[Bridge:] ONE, TWO,- NOT THREE, FOUR,- DIE ONE, TWO,- NOT THREE, FOUR,- DIE

[Pre-Chorus:] Ignorance, is no excuse For violence NO ONE WINS ...

[Chorus:] ONE WORLD ONE WORLD - Welcome to it ONE WORLD - Don't abuse it ONE WORLD - To live out your life ONE WORLD - Total schism Tunnel vision ONE WORLD - Taming the beast Fighting for peace

Killing You pushed a button that's all you did It's much harder to kill a man If you've seen pictures of his kids Responsibility And what are all our lives worth ? What kind of sentence would you serve For killing the earth

[Bridge] [Pre-Chorus] [Chorus]

[Mosh Part]

[Lead Break] [Chorus]

Russians They're only people like us Do you really think they'd blow up the world They don't love their lives less America Stop singing hail to the chief Instead of thinking S.D.I. He should be thinking of peace

[Bridge] [Pre-Chorus] [Chorus]

ONE WORLD.
