

Anthrax, Startin' Up A Posse

(Anthrax)

Now I'm gonna tell you a story
A tale of wrong and right
And freedom is the reason
You can't take it without a fight

So now I'm startin' up a posse

(Suck my dick, suck my dick)

To come and look for you
We're gonna put a stop
To what you want to do
You fuckin' whores (you fuckin' whores)
Our message ain't right
You say where gonna label records
So our kids can grow up right
You fuckin' whores (let them decide)
That's all you are

[Chorus:]

Shit, fuck, satan, death, sex, grugl, rape
These seven words you're trying to take
Shit, fuck, satan, death, sex, grugl, rape
Right or wrong it's our choice to make
America the beautiful, land of the free
Don't change the words to land of hypocrisy

[Lead - Scott]

Now I'm startin' up a posse (fascistscum, fascistscum)
And we'll damn sure maul you see
Something that off ends you
May not be offen side to me
You fuckin' whores (you fuckin' whores)
That's all you are
Now you might take offence
To a word like " Fuck " or " Shit " (Dick !)
But you fuckin' don't have the right (Cunt !)
To descriminate me for saying it's
You fuckin' whores (you fuckin' whores)
That's all you are

[Chorus]

So now I'm startin' up a posse (nother fucker, nother fuck)
To right for freedom of choice
To fight for freedom of speech
We're gonna make you hear our voice

And now i don't do this to show you
(That's the end, that's the end)
I don't do this for spite
You've got the choice don't buy it, don't read it
And don't say your opinion's right
You fuckin' whores (you fuckin' whores)
That's all you are (cunty, cunty, cunty, cunt)

You know you can't censor my feelings
You can't censor my thoughts
Censorship's against, everything America
Stands for

You fuckinores (let us decide)
That' all you are (and this ain't sexist after)

[Chorus]
