

Anti-Flag, Death Of A Nation

WHEN ALL YOU NEED!!...

Was a little motivation!

They pointed fingers and yelled...

DEAD GENERATION!!

When all you need was a little care

All you got was an old white hair blank stare!

Have you ever needed an ounce of love

And all you got was a whole lot of fucked!!

So say your prayers

It's the death of a nation

Say your prayers

For the dead generation

Condescending broad generalizations

Get real old real fast

YEAHH!!

Just because most hippies and their parents have sold out!!

Does not mean that you (Yeah, you!)

Your children (Your children!)

And their kids won't last!!

So say your prayers

It's the death of a nation

Say your prayers

For the dead generation

Say your prayers

It's the death of a nation

Say your prayers

For the dead generation

Agressivness is godliness

Combativness is holiness

Destructiveness is faithfulness!! YEAHH!!

Deadliness is devoutness!!!

Praying to a god that they created!!

And know damn well does not exist!!

We find them on their knees...
