

# Anti-Flag, Power To The Peaceful

Sons and daughters of a dream  
The urge to struggle for an ideal  
To stay and fight  
Oppose war fever  
Refuse to kill or be killed

There's voices calling in the wind

Power to the Peaceful  
Power to the peaceful  
Whoa-oh!

Let's Go!  
Oh yeah!  
Alright!

With a readiness for war  
They come down hard in dissent of all forms  
Blood and militarism has swept the country by storm

There's voices calling in the wind

Power to the Peaceful  
Power to the Peaceful  
Whoa-oh!  
Power to the Peaceful  
Power to the Peaceful  
Whoa-oh!

This is not a war  
of the urging people  
This is not a war  
of economic independence  
It's a war for conquest  
It's a war for military power  
It's a war for money  
The road to universal slaughter

Sons and daughters of a dream  
The urge to struggle for an ideal  
To stay and fight  
Oppose war fever  
Refuse to kill or be killed

There's voices calling in the wind  
Power to the Peaceful  
You know it's Power to the Peaceful

Alright, check this out  
There's repression and intolerance  
On any deviation from the norm  
In all factions of your life  
At this time of entry  
Into war say Hey-Hey  
Do you know what they sing. Say Hey! - Hey!  
Yeah you know what they sing. Say Hey! - Hey!  
Do you know what they sing? Say Hey! - Hey! - Hey!

Power to the Peaceful  
Power to the Peaceful  
Whoa-oh!  
Power to the Peaceful  
Power to the Peaceful  
Whoa-oh!

Alright!  
Whoa-oh! Whoa-oh! Whoa-oh!  
Yeah!
