

# Anti-Flag, State Funeral

This is the sound of a dropping bomb

After years are we still all content  
With being pawns in war game chess?  
Shuffled by King George and his English Queen  
On a board of autocracy

As fundamentalist citing stories and fables  
Of whose god is more righteously skilled  
In whose gods' honor that we are all killed...

A dead ringer for Armageddon  
Dead ringer dead!  
A dead ringer for Armageddon, yeah  
Dead ringer dead!  
A dead ringer for Armageddon  
Dead ringer dead!  
This State Funeral, we do not mourn

And still the wicked sleep  
And dream of endless years of tyranny  
Passed on by incestuous means  
Skull and Bone, Freemason reigns

A dead ringer for Armageddon  
Dead ringer dead!  
A dead ringer for Armageddon, yeah  
Dead ringer dead!  
A dead ringer for Armageddon  
Dead ringer dead!  
This State Funeral, we do not mourn

Destroy all adversary - free yourself  
Erase the common enemy - free yourself  
Extinguishing the quarry - free yourself  
Through the smoke screen we seek out justice...
