

Anti-Flag, This Machine Kills Fascists

We've run out of patience,
You've run out of time !
This scene will not fall victim
To your violence or lies.

Your "values" are nothing
But excuses to start fights.
Quit fronting like you're standing
For a moral cause tonight...

United as one, we won't stand aside,
You tried to fuck with our scene... We're gonna fuck your life !!!

This machine, this machine. This machine... THIS MACHINE,
KILLS FUCKING FASCISTS !
Dead... That's right, DEAD !

You don't have to be a rascist,
To be a Nazi, fuck !
Your mindless nationalism
Gives you credentials enough.

You spew your right wing rhetoric,
When we got your attention...
You've mistaken the punk scene
For the Republican Convention !

No more infiltration, no more right wing lies,
You don't belong in our scene... We'll fight you till we die !!!

This machine, this machine. This machine... THIS MACHINE,
KILLS FUCKING FASCISTS !
Dead... ahhh... DIE !
