

# Anti-Flag, You Can Kill The Protester, But You Can't Kill The Protest

You can spoon my eyes out,  
but I can still see through you  
Slice my ears from my head,  
but you can not shut out the sounds of truth  
Lock off each hand at the wrist  
so I can't raise my fist!

You can kill the protester (can't kill)  
You can't kill the protest  
You can murder the rebel (murder)  
You can't murder the rebellion

Sawed my feet at the ankles, but I wasn't gonna run (I wasn't gonna run)  
So you grabbed my face and sliced off my tongue  
Lock off each hand at the wrist,  
So I can't raise my fist!

You can kill the protester (can't kill)  
You can't kill the protest  
You can murder the rebel (murder)  
You can't murder the rebellion

Lying still now, no way to speak.  
There's nothing to fear (there's nothing to fear)  
Lying still now, no way to speak.  
There's nothing to fear  
No nothing to fear  
Because bullets can't silence ideas!

You can kill the protester (can't kill)  
You can't kill the protest  
You can murder the rebel (murder)  
You can't murder the rebellion

The rebellion  
The rebellion  
No!
