

Anti Nowhere League, Let's Break The Law

I'm going out on the streets and I'm feeling high
But you want to fight me and I don't know why
Yeah, I wanna get dirty all covered in mud
But you turn on me, all I see is blood
Well lets break the law here tonight.
Tonight, tonight
They wanna lock me up and throw away my key
I'm out with my lads and I'm feeling mean
Well we ain't that good and we ain't that clean
We don't really care if your black or white
We're do it now. until its light
Well lets break the law here tonight
Tonight, tonight
They wanna lock me up and throw away my key
.well lets break the law tonight..
.we'll give em what for tonight
..we'll settle the old score tonight.
And we'll break the law here tonight
Tonight, tonight
They wanna lock me up and throw away my key
I'm out on the streets and I'm feeling high.Lets break the law tonight
But you wanna fight me and I don't know whyLets break the law tonight
Yeah I wanna get dirty all covered in mudLets break the law tonight
But you turn on me all I see is blood,
Well lets break the law here tonight
Tonight, tonight
They wanna lock me up and throw away my key
They wanna lock me up and throw away my key
They wanna lock me up and throw away my key
Tonight.
