

# Anti Nowhere League, We will not remember YOU

Hes a fucked up man with a fucked up life  
Two dirty kids and an ugly wife  
Standard clothes and a standard car  
acceptable ..thats what you are  
The only times hes having fun,  
is when hes up hes neighbours bum  
Kids himself thats hes a man  
Hes never happy with the plan  
Moans about hes got no class  
Because his heads right up his arse  
Well we dont like the things you do  
And we will not remember you  
He tells his kids not to be bad  
And grow up like their normal dad  
Then he sneaks off down the porny shop  
To buy his books and rubber cock  
He hides behind his mask of grins  
And covers all his fucking sins  
Well we dont like the things you do  
And we will not remember. You  
Your praying to your god above  
To repay all you fucking love  
But youre the meanest cunt in town  
The road in you is fucking down  
So dont expect respect from us  
You fucked your life up, cant you suss  
Well we dont like the things you do  
And we will not remember you  
Well we dont like the things you do  
And we will not remember..you
