

# Antony & The Johnsons, Hitler In My Heart

As I search for a piece of kindness  
And I find Hitler in my heart

And he is whispering  
"As sure as love will spring  
From the Well of Blood in Vain, oh Jew!  
The Well of Blood in Vain!"  
La la la la la

And I fell into a deeper precipice  
With mouths of rapists  
Jaws dropped down  
Jaws dropped down  
Jaws dropped

Don't punish me  
For wanting your love inside of me  
Don't punish me  
For wanting your love inside of me

And I find Hitler in my heart  
From the corpses flowers grow

And I find Hitler in my heart  
From the corpses flowers grow

And I find Hitler in my heart  
From the corpses flowers grow  
Flowers grow  
From the corpses flowers grow  
Flowers grow
