

# Antony & The Johnsons, Spiralling

Well and I can and I die  
I can, I die  
Well and I'm freezing  
I'm freezing  
Well it's a sly curse  
A sly curse  
Well and I'm spiralling  
I'm spiralling

In the broken heart game  
I've got all my files  
I've got all my ones to choose from  
I gave waiting for you  
Waiting for you

I'm ravage like a dog in heat  
I'm gone, gone  
???  
I am, I'm undone  
I am undone

Where go, where now  
I can't stand  
If I can, I can die  
I'm freezing  
It's like us  
I'm spiralling

In my cruel life God poisoned  
I was born old  
Not a girl and not a jewel  
I am, I am some son  
I am some bum

Where go, where now  
I can't stand  
If I can, I can die  
I'm freezing  
It's like us  
I'm spiralling
