Alfonse Capone  
Godfather on a throne  
A king of crime  
A product of his time  
A pimp before puberty  
A menace to society  
Bootlegging and bribery  
Outrageous brutality  
Prostitution and gambling  
The Chicago mobster  
Scarface was a monster  
He got life in jail  
With no set bail  
Beat the rock  
AZ 85

Alone in a cell  
A self inflicted hell  
Refusal of medicine  
The nails for his coffin  
In a Florida sun  
Alfonse's life was done  
He was a king of crime  
Now he's done his time  
AZ 85  
Beat the rock
