

# Anxiety of Influence, Losing Sight

Don't want to lose  
Sight of you... I'm losing  
Don't want to lose  
Sight of you... I'm losing...  
CHORUS: Everything I know or thought I knew  
Watch it slipping slowly  
Everything I know or thought I knew  
Watch it slipping slowly away  
Every breath we take will it be our last...  
We're breaking  
Every breath we take... mistakes we make  
Will it be our last... We're losing...  
CHORUS: Everything we know or thought we knew  
Watch it slipping slowly  
Everything we know or thought we knew  
Watch it slipping slowly away... away... away  
BRIDGE: I'm losing sight sight of you  
I'm losing sight of everything  
I thought that I once knew  
I'm losing... I'm losing  
I'm losing sight... I'm losing sight  
I'm losing... my eyes are blind  
My eyes are blind and I can't see  
Open wide but I can't see  
No, I can't see inside  
All these places you hide  
All these secrets inside  
My eyes are blind  
Every step you take  
Only takes you further away  
Every step you take... mistakes we make  
Only take you further away from  
CHORUS: Everything we know or thought we knew  
Watch it slipping slowly  
Everything we know or thought we knew  
Watch it slipping slowly away  
I'm losing sight sight of you  
I'm losing sight of everything  
I thought that I once knew  
I'm losing... I'm losing  
I'm losing ...  
Losing sight of you  
I'm losing I'm losing ...  
Everything I know  
Everything I know oh...  
Everything I know  
Watch it slipping slowly away
