Miscellaneous

My Niggas

Song: DMX

Just cause I love my niggas, (Ruff Ryders)

I shed blood for my niggas. (Ryde or die)

Let a nigga holla, "Where my niggas?" (Get down or lay down)

All I wanna hear is, "Right here my niggas."

(We here nigga)

You won't take this from me baby!

You will not take this from me baby!

Ya know grrrr

My niggas some niggas that you don't wanna try

My niggas some niggas that's really do or die

My niggas will have you cowards ready to cry

My niggas will fry my niggas will rob

My niggas keep niggas on they fuckin' job

My niggas know what it's like when shit gettin' hard

My niggas stay pullin' you other niggas cards

My niggas It's God my niggas we'll shine

My niggas just knew it was a matter of time

My niggas let me know to keep fuckin' with the rhymes

My niggas ain't no longer livin' with crime

My niggas is fine my niggas is good

My niggas keep you niggas knocking on wood

My niggas know how to take it back to the hood

My niggas will put you down right where you stood

My niggas they could my niggas they will

My niggas take you straight to the back & get ill

My niggas give it straight to the bank when we kill

My niggas put niggas on ice til they chill

My niggas is still my niggas is dogs my niggas (echoes)
