

Anzeo, Get You To See

Yeah

I don't know what I could do to convince you to stay

And I hope it's not too late

I just want you to hear me

You know what I'm sayin'?

I want you to feel me on this

Listen...

My life use to be just like a reality TV Show

So many choices for me, eliminated (I was all alone)

From seasons 1 thru 3, never findin that 1 for me

Really took all my energy, love was not for me

And then I found you

You put the real in my reality

(So I could love you more)

But all that seemed to 2me 2good 2b true

So then I pushed you away, and I know it was my mistake

Just tell me it's not too late...

Baby I know that I should have never let you go

Now that I see, that you and I, we were meant 2b

And God only knows, I need your love, like the air I breathe

It's 20/20, vision to me, How can I get you to see?

This seems so crazy to me, come and rescue me from this dream

Cause it's still so hard to believe, that your not here with me

Someone tell me what do you do, when love ain't checking for you

See I felt so incomplete, until you came and saved me

And then I found you

You put the real in my reality

(So I could love you more)

But all that seemed to 2me 2good 2b true

So then I pushed you away, and I know it was my mistake

Please tell me it's not too late for you to stay...

Baby I know that I should have never let you go

Now that I see, that you and I, we were meant 2b

And God only knows, I need your love, like the air I breathe

It's 20/20, vision to me, How can I get you to see?

How much I love you

How much I care

Until you come back

My love ain't goin nowhere

How much I love you

How much I care

Until you come back

My love ain't goin nowhere

How much I love you (how much I love you)

How much I care (how much I care)

Until you come back

My love ain't going nowhere baby

How much I love you (how much I love you)

How much I care

Until you come back (hey)

My love ain't going nowhere

Baby I know that I should have never let you go

Now that I see, that you and I, we were meant 2b

And God only knows, I need your love, like the air I breathe

It's 20/20, vision to me, How can I get you to see?
