

Ape, Robo Cop

Oh big man in blue what the fuck ya gonna do
When he comes after you oh boy you're already screwed
Beating you on the head leaving ya for fuckin dead
If it's not that he'll pump ya full of lead
Cops what they say go ahead beat him down
Cops put the cuffs on him take him down town
Run run run away come again another day
You can't fuckin stay cuz you are fuckin prey
You better fuckin run or ya feel the fuckin gun
Beat ya in the head still leaving you out for dead
Cops what they said go ahead beat him down
Cops put the cuffs on him take him downtown
Monolog? (too drunk to remember)
