

Aphasia, Everything Or Nothing

I know
That we were built to find a way to turn this out
And I'm not one to fall victim
To failure
So seize the day
Act now
Let nothing block the way
Step up
Here we are
It's everything or nothing
Know this:
That one day not far
Infatuation parts
With all that we've known as real
And have been condemned to live
You can fade away
I'll grab on tight
Never release
Creation is our world
And we were built to find a way to carry on
If all I say is heard?????
