Apocalyptica, Faraway Vol. 2 (Extended Version)

[Featuring Linda Sunblad]

There's something in the way you always somewhere else Feelings have deserted me to a point of no return I don't believe in God but I pray for you

Don't you slip away from me, it's you I live for don't you leave Don't you slip away from me, I'm vulnerable to your love

Don't let them get you, stay away from the sun It's too bright for you Your eyes getting blurry - stay, I'm crying your name I don't believe in God but I pray for you

Don't you slip away from me, it's you I live for don't you leave No, don't you slip away from me, I'm vulnerable to your love

There is something in the way you're always somewhere else Feelings have deserted me to a point of no return So the light fades out and you're so close to losing

Don't you slip away from me, it's you I live for don't you leave No, don't you slip away from me, I'm vulnerable to your love Don't you slip away from me It's you I live my life for No don't leave

Don't you slip away from me, I'm vulnerable to your love Don't you slip away
