

ApologetiX, Cheap Birds

You do not need to fear tomorrow
Would you still remember please
That God must keep track of sparrows
And there's so many ravens God's got to feed
But if God takes care of bluebirds
He'll bless you and me the same
'Cause I'm not cheap like a bird now
And I'm born for better things
and I'm worth more than odd change
and I'm worth more than I think
the Lord knows everything
I find faith for listenin' to Jesus- yeah yeah
when nervous feelings I can't shake
so please don't take this for granted
Cause the Lord knows all your needs
but this Bible states here in luke 12
He'll get food for me today
Cause I'm not cheap like a bird now
and I'm born for better things
and I'm worth more than odd change
and I'm worth more than I think
The Lord knows everything
the Lord helps me find the way
Oh, night and day
The Lord provides- for cheap birds, yeah
