

# Apoptygma Berzerk, Lost In Translation

Fragile you are  
And yet the strongest by far  
Who's to save us now  
that you've turned weak

I can see it in your eyes  
I can feel it in my gut  
Now we've really reached  
the point of no return

(chorus)  
We've all been traumatized  
We were all a part of the revolution  
We call the truth a lie  
Too much got lost in translation

From my heart to your ears  
Transforming words to tears  
As vibrations of a string  
become a sound

I realize we're frail  
burnt-out and pale  
do you think we will ever learn to love again?

(chorus)
