

# Appleseed Cast, Beach Gray

i struck up the shore.  
out tonight.  
you were at the door.  
i fell.  
i was trying to get away.  
but you were there.  
i walked down the street.  
trying to find a place to be alone.  
i could go.  
then comes afraid alone.  
but you were there.  
i went down the road.  
to find a friend.  
he said you said.  
that i was gone.  
i went home to stay.  
and you were there
