You can shake that thing
If you don't know your place, it could cause a scene
But now it's up to you
We could work it out, or we could say we're through

Girl i just got to know, when the cold wind blows
That you're trying, i've been dyin', to see you again
Drivin' all night, with my eyes closed
Oh, i'm thinkin' it over

But i'm a man of means
When boys will be boys, and girls still agree
But i'm a dreamer too
For what it's worth, i see it through

Girl i just gotta know, of your decision
So tonight, it's alright, to see you again
I've been drivin' all night, with my eyes closed
Oh, i'm thinkin' it over

When something's lost
We pay the cost, that's all that means
And now i wish i may
I wish i might, see you tonight

But girl i just gotta know, when the cold wind blows
That you're trying, i've been dyin', to see you again
Drivin' all night, with my eyes closed
Oh, i'm thinkin' it over
I've been drivin' all night, with my eyes closed
Oh, i'm thinkin' it over

Drivin' all night night, we're drivin' all night night
I've been drivin' all night night, i've been drivin' all night night
