Sometimes it feels like you're a million miles away  
And love ain't real, just a picture in a frame  
And all i need, is to look into your eyes  
All i need is in your eyes  
I don't know for sure if you feel the way i do  
It's such a scary world, having lost in love with you  
And all i'm thinkin' of, is where you are tonight  
And all those things i wanna say to you

If you believe in me, your love will be safe with me  
If you believe in me, the way that i believe in you  
The tears of another day, soon will be washed away  
If you believe in me, the way that i believe in you

I drive my car sometimes, when i'm runnin' from the pain  
I drive so far, that i get lost in the rain  
And even so, i still keep holdin' on  
I can't believe how much i've been missing you

If you believe in me, your love will be safe with me  
If you believe in me, the way that i believe in you  
The tears of another day, soon will be swept away  
If you believe in me, the way that i believe in you  
And all i keep thinkin' about, all i keep dreamin' about  
Is the love from you

All i keep thinkin' about (all i keep thinkin' about)  
All i keep dreamin' about (all i keep dreamin' about)  
Is the love (is the love) from you  
If you believe in me, your love will be safe with me  
If you believe in me, the way that i believe in you  
The tears of another day, soon will be washed away  
If you believe in me, the way that i believe in you  
If you believe in me, your love will be safe with me  
Whatever you need from me, know that i'll be here for you  
The joy of another day, is only a breath away  
If you believe in me, the way that i believe in you
