

April Wine, Ladies Man

(myles goodwyn)

Published by goody two tunes, inc. - bmi

Last night, what a scene
So cool, a gypsy queen
Some crashed, the talk of the town
So shy, when I'm around

That's right, I'm a ladies man, yes I am

Some girls won't let go
Most girls can't say no
First glance, I could see
Your next move was up to me

That's right, I'm a ladies man, yes I am
Come and get it, I'm all yours tonight
There's no reason to be shy
There's no sittin' wonderin' why

Cause I'm a ladies man
Come and get me, I'm all yours tonight, yeah

High heels, crimson shoes
Slow down, lovers groove
Just right, not too fast
Good times were meant to last

That's why I'm a ladies man, yes I am
Come and get it, I'm all yours tonight
There's no need to wonder why
There's no sittin' bein' shy
Cause I'm a ladies man
Come and get it, I'm all yours tonight

Yeah yeah yeah, I'm a ladies man
Come on girl, I'm a ladies man
It's alright, I'm a ladies man
Come and get me, I'm all yours tonight
