Look Into The Sun

You were a friend of mine, you stalked me time after time

You really worked me over

You smelt just friend, not foe, but how was i to know

You're glad (you're glad), you're gone (you're gone)

Sooner or later, sooner or later it comes

It's easier to face the light than look into the sun

I know that you're crazy, that's easy to see

Don't lay your darkness over me

You were a friend of mine, you hit me from behind

Or was it slight of hand

I just might strike you back, the best defense is attack

And i just might rip your heart out

Sooner or later, sooner or later it comes

It's easier to face the light than look into the sun

I know that you're crazy, that's easy to see

Don't lay your darkness over me

You always talk too fast

Like a snake, you crawl across the grass

But you're really nothin' at all (at all)

Some people deserve to win, while others fall

Sooner or later, sooner or later it comes

It's easier to face the light than look into the sun

I know that you're crazy, that's easy to see

Don't lay your darkness over me
