

April Wine, Rock Myself To Sleep

Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Now I wanna say
It's not the same since you went away
And it's not right
You're not here with me tonight
And it's a crime
Just a lying here wasting my precious time
I'm so lonely and I'm so blue
Thinkin' 'bout the things I could do to you
Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
And I wanna know
Don't you see how you hurt me so
Goin' outa my head
Yeah, I'm feelin' it since you left
And it's a crime
Just a lying here wasting my precious time
I'm so lonely and I'm so blue
Thinkin' 'bout the things I could do to you
Every night I rock
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Every night I rock myself to sleep
Every night I rock myself to sleep
Every night I rock myself to sleep
Thinkin' about you
Thinkin' about you
Every night I rock myself to sleep
Every night I rock myself to sleep
