## April Wine, So Bad

April Wine The Whole World's Goin' Crazy So Bad (myles goodwyn) Published by goody two tunes, inc. - bmi

Some people call me a cowboy But i don't know, i don't ride no more I gave it up for the city Those painted women that i adore

I was raised in the badlands Where men are mean and the children are sore But they got nothing on you, girl You're so bad, you're the devil's door

Cause you're so bad (so bad)
Woman you make a fool out of me, yes you do
And you're so sad, woman you got control of me (so bad)
Yes you do, and i know you know i do

Some people call me a cowboy But there's no question, i've changed my ways Hand in hand with the devil Gonna find me an early grave

Cause you're so bad (so bad)
Woman you make a fool of me, now yes you do, yes you do
And you're so sad (so sad), you got control of me, oh yeah
Yes, you're so bad (so bad), woman you go control of me, yeah
And you so bad, woman you make a fool of me (so sad)
