

# April Wine, Song For Mary

April Wine  
April Wine  
Song For Mary  
Written by: james henman

When i try to find  
Words that wish to rhyme  
I will never write this song for her tonight

We have stood alone  
We have walked alone  
Won't you help write this song for her tonight

Help me write this song  
Help me write this song  
Help me write her song  
Tonight

When i try to pray  
I can't start to say  
All those things i wish to say to her tonight

When she hears her song  
She will sing along  
She will know the words her heart for me to find

Will you help write this song  
Help me write this song  
Help me sing her song  
Tonight

All these words i've said  
Lyin' on my bed  
Will they help me sleep alone again tonight

And we have walked alone  
We have talked alone  
Will you help me sing her song for her tonight

Will you help me sing her song  
Help me sing her song  
Help me sing her song
