

# April Wine, Wait Any More

April Wine  
Walking Through Fire  
Wait Any More  
Written by: myles goodwyn

You're a restless girl  
To drive a man insane  
With the same old story  
You play the same old games  
You could always make it easy  
But there was no way out  
If you want, just say that you're sorry  
But there's nothing you can do without

So give a little and take a little for nothing  
Show a little and make it something exciting

I just won't take it any more  
I'm not gonna wait anymore  
I just won't take anymore take anymore take anymore from you  
I'm not gonna wait anymore wait anymore wait anymore wait anymore wait anymore

Another restless moment  
Another runaround  
Almost picture perfect  
But no life can be found  
Won't you make it easy  
So we can play for keeps  
Under pressure for the moment  
Don't you know what everyone can see

So give a little and take a little for nothing  
Show a little and make it something exciting

I'll tell ya  
I'm not gonna take anymore take anymore from you  
I just won't wait anymore i swear this love is through  
I'm not gonna take anymore take anymore from you  
I just won't wait anymore wait anymore wait anymore wait anymore wait anymore

So give a little and take a little for nothing  
Show a little and make it something exciting

I'll tell ya  
I just won't take anymore  
I just won't take anymore  
I'm not gonna take anymore take anymore from you  
I'm not gonna wait anymore wait anymore wait anymore wait anymore  
I'm not gonna take anymore take anymore from you  
I'm not gonna wait anymore wait anymore from you  
I'm not gonna take anymore take anymore take anymore take anymore  
I'm not gonna wait anymore wait anymore wait anymore wait anymore wait anymore
