April Wine  
Walking Through Fire  
Wanted Dead Or Alive  
Written by: j. cannata and m. soldan

Dead or alive  
They say that crime don't pay  
(wanted) dead or alive  
I was born to be a runaway

When you're out on your own  
You can be so alone  
City livin' means breakin' the rules

Once you're in you never get out  
There's just no way to stop  
There's nowhere to go they're draggin' you down  
'cos you're the one they want

Dead or alive  
They say that crime don't pay  
(wanted) dead or alive  
I was born to be a runaway

If the street is your friend  
Gotta fight to the end  
Soldiers of fortune they never give up

And once you're out you have it made  
You rake your way to the top  
Nowhere to go they're draggin' you down  
'cos you're the one they want

Dead or alive  
They say that crime don't pay  
(wanted) dead or alive  
I was born to be a runaway  
Wanted dead or alive

Take it or leave it break all the rules

Once you're in you never get out  
There's just no way to stop  
There's nowhere to go they're draggin' you down  
'cos you're the one they want

Dead or alive  
I was born to be a runaway  
(wanted) dead or alive  
I was born to be a runaway, anyway, (runaway)  
Wanted dead or alive  
Wanted dead or alive  
Wanted dead or alive  
Wanted dead or alive  
Wanted dead or alive  
Wanted dead or alive  
Wanted dead or alive
