

Apt 3g, Crime

My friends wonder what's gone wrong with me
I'm not the nice guy I used to be
I'm mean, malicious and I flaunt
I'm looking to get everything that I want
it's crime and everybody knows it
I'm not just some stupid jock
I'm the stoniest on my block
crime pays baby, it pays good
I ripped off my neighborhood
it's a crime and evrybody knows it
in this big old USA
you gotta take and take and take
a snake in the grass will get you before a boar on
the hill
you don't think I'm talking about you but someday
you will
