

# Apt 3g, It Ain't Right

Who's gonna take you home in the morning  
same one that took you home with them last night  
you wake up tired but you aren't lonely  
do you ever think to yourself that it ain't right  
it ain't right  
to treat me this way  
it ain't right  
every dog will have their day  
it ain't right  
it ain't right  
it ain't right  
the things that you do  
the hell you put me through  
it ain't right
