

# Apulanta, Falling

Been so long since last time you found something to adore  
Your eyes seen too much dirt you just don't want to care no more

I know you must be afraid of someone finding out  
That there's a breach in your defence

Falling out of the world you belong in  
And you can scream 'cos there's no-one to hear you anyway  
Hiding is easier when you're lying  
Now is the time when you must run like no-one's run before

Darkness never comes alone to greet you in the night  
She brings you all the pain and all the tears you try to hide

I know that you don't want anyone to find out  
How wounds inside of you will bleed

Falling out of the world you belong in  
And you can scream 'cos there's no-one to hear you anyway  
Hiding is easier when you're lying  
Now is the time when you must run like no-one's run before

I know that you're afraid of someone finding out  
How wounds inside of you won't heal

Falling out of the world you belong in  
And you can scream 'cos there's no-one to hear you anyway  
Hiding is easier when you're lying  
Now is the time when you must run like no-one's run before
