I know it's not always easy but  
I know somewhere that the sun is rising.

I know it's not always easy but  
I know somewhere that the sun is rising.

?

get the glory

I know it's not always easy but  
I know somewhere that the sun is rising.

I know it's not always easy but  
I know somewhere that the sun is rising.  
no pain, no gain

I know it's not always easy but  
I know somewhere that the sun is rising.

I know it's not always easy but  
I know somewhere that the sun is rising.
