

Aquilo, You Won't Know Where You Stand

I wanna walk with you
In someone's shoes
Form somebody else's point of view
It's looks like I'm changing

I wanna meet...

...

We've running
Running with the same old crowd
And I've been myself

I get to tell you
He said
If the money can't buy
And .. don't work

Coz if you be rely on your own
You Won't Know Where You Stand

I'm a selfish man
In the selfish world
There's word I ...
And friend who knows
It's looks like I'm changing

..

And I just stand up
Wouldn't mean so that much
I just
And I've been myself
I'm... yourself

I get to tell you
He said
If the money can't buy
And .. don't work

Coz if you be rely on your own
You Won't Know Where You Stand
