

# Arab Strap, Packs Of Three

It was the biggest ever cock you'd ever seen, but you've no idea where that cock has been.  
You said you were careful - you never were with me.  
I heard you did it four times and jonnies come in packs of three.  
She was the best shag I'd ever had.  
That doesn't mean I'm saying, bedwise, you were bad.  
I think you were working, we got a hotel.  
We didn't have anything but I thought I might as well.  
I never told the rest.  
I was drunk and I told you I was thinking about a test.  
You know I just said it for effect.  
Then you laughed and said I'd fuck anything in a skirt once I'm erect.  
And she's a famous harlot in this town.  
I know enough to, but still I couldn't turn her down.  
He said I'm an arsehole, what was I thinking?  
It's far too easy to blame it on the drinking.
