

Arabella, Tick Tock

Touching me,
Touching you
We'll be free
I crave you
Tonight

Running wild
Appetite
Lips you bite
Burning skies
So bright

Tick tock, tick tock
Time is slowing
Tick tock, tick tock

Beats of my heart
I feel them running
Tick tock, tick tock

You and I
City lights
Bloody eyes
In disguise
So high

What is real
I can feel
Only you
Make me heal
Ignite

Tick tock, tick tock
Time is slowing
Tick tock, tick tock
