

Aranda, Do You Feel

I wanna buy you flowers

But you dont even want those things

Ill write you silly love songs

But you dont even hear them yeah

(Chorus) Do you feel the way that I do? Do you feel the way that I do? Do you feel the way that I do?

We used to talk for hours

Now you wont receive my calls at all

Is there something Im missing baby?

I said I really wanna know right now

Chorus

I wanna buy you flowers

But you dont even want those things

Is there something Im missing baby?

Cause I just gotta know right now

Chorus
