

Arapaho, Horse

Arapaho
1, 2 Mile From Eden
Horse
Had a brother
Drove a boot-filled Cadillac
Left home at fourteen
Said mom I'll never come back

Started doin' horse
Felt like a bird on a wing
A junkie in the waiting
To die

Driving a spitfire
Top down looking for gas
Parameter, Kingcross, uptown
He never came back

Started doin' horse
Felt like a bird on a wing
A junkie in the waiting
To die

Niel Young said
Needle and the damage done
I say
Why can't we all just live as one

Started doin' horse
Felt like a bird on a wing
A junkie in the waiting
To die
