

# Arc Angels, Carry Me On

I can't go on living in yesterday  
Why do I long to live in yesterday  
Find a way to you  
Find a way to you  
I know only you can carry me on  
I know only you can carry me on  
I can't replace the feelings of yesterday  
I can't erase the pain from yesterday  
I'll find a way to you  
I'll find a way to you  
I know only you can carry me on  
I know only you can carry me on  
Find a way to you  
Find a way back home  
I know only you can carry me on  
I know only you can carry me on
