

Arcade Fire, Normal Person

Standing as strange as a normal person
Is anyone as cruel as a normal person?
Waiting after school for the one to know
If you, if you're normal too.
Well, are you?
Are you?
I'm so confused.
Am I a normal person?
You know I can't tell if I'm a normal person
It's true, I think I'm cool enough, but am I cruel enough?
Am I cruel enough for you?

They will break down everything that's normal now
I know they will break down everyone that's normal now
I know

Take the deep down where the normal people, they do,
They burned the jungle down, while you were sleeping, it grew.
You dream in English now, in proper English, look out
You're just the same as me, it's through.

That's what's normal now
I don't want to know
That's what's normal now
Mama don't want to know

When they get excited, they try to hide it
Into those normal skulls
When they get excited, they try to hide it
Into those normal skulls
When they get excited, they try to hide it
Into those normal skulls
When they get excited, they try to hide it

That's what's normal now
I don't want to know
That's what's normal now

Normal person like you
How do you do?
Well how do you do?
How do you do?
